Other June notes: A major project that extended throughout the month and caused a lot of furniture to be moved was the painting of the entire interior of Fire Station 251 and the EOC. Another significant project was the annual, mandated testing of all apparatus ladders (aerial and ground). As in past years, we again utilized a qualified specialty contractor to perform the testing. With several of our members coming up on their one-year "rookie" anniversary with the Department, final probationary skills testing was conducted on June 17. Due to Jeff Roddy moving up to Battalion Chief, testing was conducted on June 23 for the vacant Captain slot that resulted. The month of June experienced a dramatic increase in Mutual Aid activities, with apparatus and personnel being dispatched twice to the Yucca Valley area for significant wildland fires, and to downtown Colton for a major structure fire. We finished off the month with the kick-off on June 30 of our successful Drowning-Prevention Program, using the theme of "Children Drown Without A Sound."
